

SASE Cleaner

Polished Concrete Cleaner

CLEANUP

Clean tools and equipment with fresh water. Do not reuse containers.

STORAGE AND HANDLING

Store product in a cool, dry area. Keep containers upright and tightly closed when not in use. Do not allow product to freeze, and discard if product has been frozen. Product has approximate shelf life of 2-year in factory-sealed container stored properly. Do not mix with other chemicals. Maintain temperatures above 40°F (4°C). Dispose of unused product in accordance with all local, state and federal regulations.

OVERVIEW

SASE Cleaner is a low VOC (1g/L) maintenance cleaner specifically designed for any concrete floors. SASE Cleaner removes dirt, grease and other contaminants while preserving the concrete surface.

SASE Cleaner does not contain harsh chemicals that damage concrete or leave residual buildup, as many other cleaners do.

PERFORMANCE

- Economical concentrate for efficient transport and storage
- Safe and effective for daily use
- Maintains shine
- Increases life of floor
- No rinsing required for daily cleaning
- Auto scrubber compatible
- Compatible with sealers, densifiers, dyes and integral colorants

PREPARATION

Remove dirt, grit and other materials with dust mop or vacuum. Treat stains and oil spots per SASE Cleaner manufacturer's recommendation.

TEMPERATURE GUIDELINES

Use product with air and surface temperatures of above 40°F (4°C); do not apply product below these temperatures.

REGULATORY COMPLIANCE

SASE Cleaner is compliant with all local, state and national VOC regulations

DILUTION

SASE Cleaner should be diluted with clean, potable water.

Typical dilution is:

- For daily and normal cleaning dilute 1 oz. per gallon of water in auto-scrubber
- For heavy and intense cleaning dilute 2 oz. per gallon of water in auto-scrubber

APPLICATION

Read and fully understand "Preparation" and "Safety Information" prior to application of product. Always test surfaces for desired results prior to commencing work.

1. Apply with auto scrubber or mop.
2. Do not allow product to pool or puddle. Rinsing surface only required after deep cleaning.

**SAFETY INFORMATION**

Reference the Safety Data Sheet prior to handling and applying product. SASE Cleaner may be an irritant to skin, eyes and respiratory system. Avoid contact with eyes, skin and clothing. Breathing vapors or mists produced by this product should be avoided. Always use appropriate eye protection, and chemical-resistant apparel. Use safety equipment, ventilation and other necessary controls during application and handling. Material is non-flammable and non-combustible.

FIRSTAID

- Ingestion: Contact physician or Poison Control Center immediately.
- Eye Contact: Rinse eyes under running water for 15 minutes minimum. Seek medical attention.
- Skin Contact: Rinse skin thoroughly. Seek medical attention if irritation persists.
- Inhalation: Move to fresh air. Get medical attention as necessary.

WARRANTY

The information contained herein is based on laboratory testing and believed to be accurate. Due to an inability to anticipate all variations or possible applications, we cannot guaranty the reliability of the information listed herein. The applicator is responsible to test and determine product suitability for each intended purpose.

SASE Company, Inc. warrants this product to be free of defects-only, unless otherwise required by law. Any liability shall be limited to refund of purchase price or replacement of defective material.

Warning
GHS07

H315: Causes skin irritation
